

DA-608

RENA INKJET ADDRESS/BARCODE ENVELOPE IMAGING SYSTEM

Rena gets tough on inkjet addressing.

- Fast — prints three lines at up to 13,000 pieces per hour in 300 dpi; 10,000 in 600 dpi.
- Tough — rated for one million addresses per month.
- Utilizes Hewlett Packard® technology.
- Intelligent — downloads fonts and graphics instantly.

RENA DA-608

RENA INKJET PRINTER FOR ADDRESSING, BARCODING, AND GRAPHICS

Rich with features.

The DA-608 delivers complete graphics capabilities, barcode printing, flexible use of 13 internal fonts, downloadable PCL fonts, and letter-quality printing at 600 x 600 dpi.

Production speeds.

The DA-608 is a high-speed imaging system that is engineered for high-volume mailers and printers. The new print technology allows it to print three lines simultaneously at speeds up to 13,000 addresses per hour (three lines, 20 characters per line).

Letter quality imaging.

By using the latest in Hewlett Packard® technology, the DA-608 prints addresses and logos at 600 dpi. Each piece looks professional and makes your message stand out.

Versatility in your mail center.

Print on material as diverse as post-cards, envelopes, flats, diskette mailers, newsletters, magazines, or literature up to 1/4" thick.

Flashware updates.

Settings, features, and performance updates can be downloaded directly to the DA-608 via a PC. It's easy, convenient, and fast.

RENA's DA-608, combined with the RENA TB-356 Conveyor/Stacker and the RENA MC-1 Cabinet, is the fast, efficient way to print letter-quality addresses.
